For two pennies a day, Teamsters who serve and protect in law enforcement can receive comprehensive legal assistance and security with the Teamsters Legal Defense Fund.

The nationwide program offers any Teamster working in a law enforcement-related job peace of mind and protection during civil and criminal incidents. For just \$7.24 per month, workers can receive experienced legal representation for charges brought about on or off duty across all jurisdictions.

“The Teamsters Legal Defense Fund is a safeguard for law enforcement personnel from charges that could arise from a criminal arrest, incident or any number of civil matters,” said John T. Coli, President of Teamsters Joint Council 25. “With a 100 percent coverage guarantee for all of your legal costs, this fund offers the kind of insurance workers cannot afford not to have. It’s the best \$7 you’ll ever spend.”

Teamsters Joint Council 25 represents thousands of men and women throughout Illinois working in law enforcement. From the 3,200 Cook County Correctional Officers represented by Teamsters Local 714 to the 300 Master Sergeants of the Illinois State Police represented by Teamsters Local 726, union members statewide are eligible to participate in the fund.
